

Dear Cristen

This month I went to share the Gospel to my mission area. An elderly lady who is 80 years old, Bimala Lama, accepted Jesus Christ. She had her heart touched and now has a testimony that Jesus did in her life.

Bimala Lama grew up in the Buddhist religion. She thought that Buddha was the only true god in the world. She had great faith in Buddha and had done many good works in the society because of her Buddhist religion, but she wanted to find peace in her life.

One day while she was travelling to a Buddhist Temple to worship, a big truck came out of nowhere and hit her. She fell down on the road and the next Vehicle that came cut her one leg and hand. At that time she was crying out, Lord help me. So when she cried out, she felt that she was ok. But in fact, she did lose her one leg and a hand.

One day I went to her small cottage to share the Gospel with her. I told her about Jesus Christ. She was listening very well and asked me many questions, like who is Jesus? Why did He come to the world and die? I answered all the questions that she asked, so she accepted Jesus as her personal Savior by the help of the Holy Spirit.

After receiving Jesus, she found the truth of God. Now she has changed her life and been given hope in Christ. She feels like normal because God encouraged her and helped her. But after receiving Jesus, her husband, son and daughters left her. She was kicked out from the family because she became a Christian. So, we really need your prayers for her and her family to come to know Jesus.

Prayer points:

Please pray for her faith in Christ to grow

Please pray for the persecutors (from the family and society)

Please pray for her needs, physical protection
